Rail Industry Specialists

Arrow has been supplying the rail industry for over 45 years, focusing on the areas of mechanical and electrical maintenance, cleaning and specialist seasonal requirements.

Train and tram operating companies, network and infrastructure providers and service facilities of all types rely on Arrow products to get the job done.

Whether clearing a station platform of hazardous ice, cleaning heavily soiled bogies for inspection or removing unsightly graffiti and chewing gum – we have the solution.

Our trained staff work closely with customers to identify best practice and the maximum opportunity for cost savings, from simply adjusting a cleaning schedule to the installation of a new wash plant.

Many of our products carry Scientifics approvals and Arrow is Linkup accredited. Siemens, SABIC, Gaz Group, Cummins, Kuwait Oil Company and BAE Systems among many others.

LOTOXANE®

The trusted, safe solution for professional degreasing

A415 / C043

The LOTOXANE® range

LOTOXANE® FAST
3x faster evaporation.

LOTOXANE® XF
6x faster evaporation.

LOTOXANE® TRIPLE F
15x faster evaporation.

LOTOXANE® HD
Heavy duty degreasing.

Exterior cleaning

Clean, gleaming carriages make a markedly different impression on the rail user than those with a dirty, faded finish.

The operating company's livery is on display too, or perhaps not in the case of very dirty trains. Achieving best practice in train washing carries many challenges.

For example how to deal with a wide variation of soiling and staining from brake dust residues, through to heavy greases and oils to simple water marks or how to identify the best washing technique and equipment for the job.

TRAILERWASH

Powerful soil remover and degreaser.

METAKLENZ

Non caustic low foam alkaline cleaner and degreaser.

**ECOWASH
AUTOSHINE**

Daily exterior train wash.

OXALWASH

Train exterior wash optimised for removal of iron staining.

**THICKENED
OXALWASH**

A ready to use thickened version of Oxalwash to provide increased contact time on heavy deposits.

Interior cleaning

No passenger wants to spend either their morning commute or a long distance journey surrounded by graffiti, chewing gum residues and nasty odours.

Onboard preparation of food that is then consumed in all corners of the train only adds to the problem, meaning effective cleaning and sanitising throughout is a critical task.

The implementation of a well-planned cleaning schedule using products with maximum efficiency is the answer to meeting passenger expectations while fully controlling cost.

GERMFREE 61

Hard surface cleaner and sanitiser.

ERASE

A quick and effective liquid graffiti remover.

HANDY FOAM

Foaming hard surface cleaner.

**WINDOW
CLEANER**

Premium ready to use streak free window and glass cleaner.

ENZ-ODOURS

Enzymatic odour neutraliser and stain remover.

**SUPERCLEAN
LEMON**

Universal cleaner and degreaser, suitable for use on most hard surfaces and floors.

RESOLVE

Absorbent powder to contain and remove organic wastes and spills.

**CHEWING GUM
REMOVER**

Chewing gum removing gel.

**CARPET
SHAMPOO**

Premium low foaming carpet and upholstery cleaner, removing general dirt, grime and stains.

Maintenance

Few factors affecting rail operations are as unpredictable as the weather, and few have as much potential to cause delays and incur costs.

Winter conditions in particular yield many challenges, not just the need to keep trains and track clear of ice and snow but also keeping passengers and staff safe on icy surfaces.

Other times of the year pose different problems yet train services are expected to run uninterrupted throughout. Talk to Arrow to discover how our capability for innovation can solve the problems the weather throws at your network.

POWERSOLVE WIPES

Effective removal of semi-cured adhesives & sealants, lacquers, resins and inks.

CHAIN LUBE

Clear lubricant suitable for use in mechanical fabrication and repair applications.

DELTA FOAM

Fast breaking solvent degreaser for ship's bilges and interceptors.

SHIELD NF

Non Flammable corrosion preventative, de-waterer and light lubricant.

LOTOXANE®

The trusted, safe solution for professional degreasing.

WYPIT

Waterless hand cleansing wipes.

SUPER SLAKS

Penetrating fluid with graphite, for corroded and seized, nuts, bolts and studs to ease release.

SUPERSOLVE CC

Premium heavy duty contact cleaner for critical surfaces.

SHIELD NF

Non Flammable corrosion preventative, de-waterer and light lubricant.

ANTIFREEZE

High quality radiator antifreeze.

THAW GRANULES

Defrost granules for fast and effective prevention and removal of snow and ice.

**THIRD RAIL ANTI
ICING FLUID**

Prevents ice build-up on third rails and to allow residual ice to easily shear from the surface of the rail.

**TRAIN
SCREENWASH**

Ready to use train windscreen wash.

**TRAIN WINTER
GRADE SCREENWASH**

Optimised for winter, it keeps the windscreen clear of ice as well as dirt, grime and salt residues.

**UNIVERSAL
DE-ICER**

General purpose liquid de-icer for rail industry.

OVER **50** Years OF INNOVATION

We're here to help you tackle your toughest cleaning and maintenance tasks with confidence.

At Arrow Solutions, we're proud to be a leading manufacturer of professional, industrial cleaning and maintenance chemical products. Our high-quality aerosols and liquids are trusted by thousands of companies worldwide to solve their everyday problems.

We've earned a reputation for innovation and manufacturing excellence, which has been recognised through numerous awards, accreditations, and OEM approvals. Our main focus is on providing exceptional products and outstanding service. We're dedicated to finding the right solution for even the most complex challenges our customers face.

In today's world, where regulations are getting stricter and performance standards are rising, more professionals are turning to Arrow Solutions. They trust us to deliver on our promise to set the standard in cleaning and maintenance.

Arrow Solutions, Rawdon Road, Moira, Swadlincote, Derbyshire, DE12 6DA, England.
