AeroShell

AeroShell

"AeroShell oils protect the key components of an aircraft's engine, helping to keep my aircraft in the air for longer and, importantly, ensure a safe flight."

Chanda Chikolwa

Instructor, Flight Technical Training Services

AeroShell

"I believe that AeroShell products offer extreme protection for my aircraft's key components. This makes me feel very safe while I'm in the air."

Chanda Chikolwa

Instructor, Flight Technical Training Services

AeroShell

"The incredibly strong engine protection offered by AeroShell makes me feel safe when I keep my aircraft in the air for extended periods of time. It really makes all the difference."

Johan Botes

Operations Manager, Flight Technical Services

AeroShell

“AeroShell products have become a critical part of my regular maintenance regime, as they help to keep my aircraft airborne for as long as physically possible.”

Chris Norwie
Flight Technical Services

AeroShell

“My approved maintenance organisation recommended AeroShell as the best product on the market. It performs great, is high quality and is readily available in most distributors and markets around the world.”

Chris Norwie
Flight Technical Services

AeroShell

“My aircraft encounters fewer mechanical issues and needs less maintenance overall when using AeroShell. This makes me feel much safer when I’m up in the air.”

Mark

Flight Operations Manager, Hover Dynamics

AeroShell

“I wholeheartedly trust AeroShell oils to keep my aircraft flying for longer because, since using them, my engine has successfully flown for more than 2,000 flight hours before overhaul. This is a first!”

Johan Botes

Operations Manager, Flight Technical Services

AeroShell

"AeroShell has always worked well in preserving my engine life and offers great cooling features, and I will continue to purchase the products for my aircraft."

Darion Murphy

Operations, Lanseria Flight Centre

AeroShell

"Thanks to AeroShell, when flying I feel free and relaxed as it is always widely available, no matter where we fly."

Mark

Flight Operations Manager, Hover Dynamics

AeroShell

“The value for money, high performance and availability of AeroShell oils are why I continue to use the products time and time again. They definitely set themselves apart from competitors’ products.”

Darion Murphy

Operations, Lanseria Flight Centre

AeroShell

“I use AeroShell as it is always priced competitively and, because of its high availability, accessing the product has never been an issue, meaning I can keep my aircraft protected in any market.”

Norman Ndhlovu

Fuze Aviation Academy

AeroShell

"I was first introduced to aviation by my grandfather when I was young, and AeroShell was his piston engine oil of choice."

Donald Nel

Flight Technical Services

AeroShell

"I will continue to choose AeroShell oils for my aircraft as they help to keep me in the air for as long as physically possible by protecting critical components."

Johan Botes

Operations Manager, Flight Technical Services

AeroShell

“It was my older brother who first introduced me to flying, and to this day, I still feel amazing when I take to the skies.”

Chanda Chikolwa

Instructor, Flight Technical Training Services

AeroShell

“AeroShell products are always available in every market globally, meaning that I have easy access to top-quality engine protection no matter the country I fly to.”

Albert Wentzel

Accountable Manager (AMO), 43 Air School

AeroShell

"I was first introduced to the freedom and enjoyment of flying by my father when I was young, and it remains my passion to this day."

Chris Norwie

Flight Technical Services

AeroShell

"My family has used AeroShell products for decades and they have never let us down. Their exceptional benefits mean we will continue to use the products on all our aircraft."

Donald Nel

Flight Technical Services

AeroShell

"My family has used AeroShell products for decades and they have never let us down. Their exceptional benefits mean we will continue to use the products on all our aircraft."

Donald Nel

Flight Technical Services

AeroShell

"It was my father who first introduced me to the joys of aviation when I was a young child, and I have been hooked ever since."

Johan Botes

Operations Manager, Flight Technical Services

AeroShell

“The products have such a positive impact on my aircraft, keeping the internal components protected and keeping me in the air for longer.”

Darion Murphy

Operations, Lanseria Flight Centre

AeroShell

“AeroShell is always available in my market, and I will continue to use it across my operations because of its high performance and exceptional quality.”

Norman Ndhlovu

Fuze Aviation Academy

AeroShell

“AeroShell oil unlocks the joy of flying because it protects my aircraft’s critical components and keeps me in the air for longer. It also really reduces the need for maintenance on my aircraft.”

Chanda Chikolwa

Instructor, Flight Technical Training Services

AeroShell

“I choose AeroShell products as, since switching to them, I have experienced less instances of oil components seizing or overheating, meaning my aircraft spends less time at the workshop and more time where it belongs – in the air.”

Mark

Flight Operations Manager, Hover Dynamics

AeroShell

"I use AeroShell oils and I will continue to use the product as it keeps my aircraft in the air and operational for as long as possible."

Katlego Mogakane
Flight Technical Services

AeroShell

"I always choose to use AeroShell products over competing oils because of their exceptional performance, high quality and greater availability."

Katlego Mogakane
Flight Technical Services

AeroShell

"I use AeroShell oil because it works best for my aircraft. AeroShell undoubtedly helps to protect my aircraft from within and keeps me in the air for as long as possible."

Donald Nel

Flight Technical Services

AeroShell

"I choose AeroShell as it genuinely is the best product available on the market, and I will continue to choose it because of the exceptional performance and quality it provides."

Chanda Chikolwa

Instructor, Flight Technical Training Services

AeroShell

“In a cost- and climate-conscious world, keeping machines and parts running for longer is very important, and AeroShell products offer unrivalled protection.”

Mark

Flight Operations Manager, Hover Dynamics

AeroShell

“I was first introduced to aviation as a child when my uncle’s friend showed me around a Boeing 747 and gave me a tour of a maintenance facility. I fell in love with aircraft and the world of aviation then and there!”

Mark

Flight Operations Manager, Hover Dynamics

AeroShell

“AeroShell products keep my aircraft safely in the skies for longer without using as much oil, enabling me to maximise time between engine overhauls, which is very important to us pilots.”

Norman Ndhlovu
Fuze Aviation Academy

AeroShell

“AeroShell piston engine oil products are, in my opinion, the best on the market and offer exceptional cooling and lubrication properties to keep aircraft operational for extended periods of time.”

Chris Norwie
Flight Technical Services

AeroShell

"I use AeroShell oil on my engine, and since using it I have reduced my oil consumption and experienced no compression loss through oil rings."

Norman Ndhlovu
Fuze Aviation Academy

AeroShell

"We use AeroShell products extensively on our aircraft. Since using AeroShell products, I have noticed that our aircraft have been running smoother and for longer due to the oil's exceptional and long-lasting lubrication capabilities."

Mark
Flight Operations Manager, Hover Dynamics

AeroShell

“The main reason I continue to choose AeroShell over anything else is that it increases my performance in the air. It also allows me to maximise my operational time before my engine needs an overhaul, which is important to me.”

Johan Botes

Operations Manager, Flight Technical Services

AeroShell

“AeroShell oil has allowed my engine to reach over a remarkable 2,200 hours of flight time before overhaul. This has truly sold me on the quality of this product and its ability to keep my engine running without issues over long periods of time.”

Chris Norwie

Flight Technical Services

AeroShell

"I use AeroShell oil products on all my aircraft, as they protect the internal components and help to keep the engines well lubricated and cooled."

Darion Murphy

Operations, Lanseria Flight Centre

AeroShell

"I feel truly at home when I'm in the air and, thanks to AeroShell, I can enjoy the feeling for longer."

Chanda Chikolwa

Instructor, Flight Technical Training Services
